Toll Free Number Changed

The new Toll Free Number is (888) 694-9256. I was getting a lot of abuse at my expense calls and finally had enough. Guests, New and Old, may use the number at their discretion.

Our Reopening

We reopen August 1, 2020 and the girls are excited to new guests and out returning special guests. Entry to RD is very easy. However, we suggest that each guest ensure that they are COVID-19 free before travelling. This may mean a COVID test.

COVID-19 Recognition – IMPORTANT Update

I am not making a political statement, however, I do encourage potential guests to be careful and avoid any activities that would tend to expose you to Covid-19 virus. We want you safe and healthy so you can travel on a vacation with us. I have attached/included a notice I received from the US Department of Homeland Security.

Vacation Business

We have volume issues however the guests that do travel have a good time. Most plan repeat trips at a time when their financial resources permit.

No Tipping Policy

Our no tipping policy applies **only** to the **companions**.

If hotel staff of any of our hotels have done a good job as I am sure they will, please consider the usual gratuity for persons employed in the hospitality industry in the Caribbean.

Acting Secretary Pecoske Directs TSA to Mitigate Spread of COVID-19 Through the Transportation System

Today the Acting Secretary of Homeland Security announced the issuance of a [National Emergency Determination](#) to mitigate the spread of COVID-19. This determination enables TSA to implement President Biden's Executive Order on Promoting COVID-19 Safety in Domestic and International Travel. TSA will require individuals to wear a mask at TSA screening checkpoints and throughout the commercial and public transportation system. Imposing these proven public health measures to reduce the spread of COVID-19 will mitigate the safety and security threat COVID-19 poses to transportation and contribute to the overall national effort to reduce the transmission of the disease.
